

6/175 Spring Street Reservoir, VIC

Position Perfect, Spacious!

With generous proportions, more akin to a house than a unit, this home will impress with its light filled spaces, comfort and convenience. Freshly painted throughout, brand new window furnishings, ducted heating/cooling, and new floating timber floorboards, are just some of its features. Showcasing also a generous living room, flowing into an open plan kitchen/meals area, with brand new kitchen including self-closing cabinetry, porcelain tiles, large pantry, and new stainless steel appliances. Leading off a central hallway are two spacious bedrooms, both with built in robes with ample storage, linen pantry, bright separate laundry, and a recently renovated modern bathroom featuring sky light, double shower, chrome fittings, and twin basins.
