WALK TO THE TRAIN

Architectural, accommodating and positioned for lifestyle ease, this contemporary town house is just a short walk from the station, shops cafes and eateries. An intelligent floorplan introduces three levels of easy living. The ground floor level includes a tandem garage, in built storage and a study/third bedroom. The middle level introduces two robed bedrooms, one of which enjoys the ensuite convenience of direct access to the family bathroom. The top level is devoted to living and entertaining. Anchored by a striking kitchen featuring stainless steel appliances and cabinets in on trend colors under stone bench tops, an expansive living meals space opens to a generous terrace with plenty of room for table, chairs and a BBQ.

- ? Short walk to the station (Zone 1)
- ? Easy access to shops, cafes and eateries
- ? Engineered timber floors to living
