QUIET AND SPACIOUS - GET READY TO BE IMPRESSED

Set in a small block of only three units is this rare find. The comfortable floor plan and overall size is more like a house than a unit offering entrance hallway, separate lounge room with heating and two generous sized bedrooms with built in robes. The central, retro bathroom comprises bath, shower and vanity and the separate kitchen offers area for a dining table, electric cooking facilities and ample cupboard space. Through the separate laundry is a private, low maintenance courtyard with direct access to a single lock up garage. Located close to Station Street shops, John Cain Memorial Park, easy access to the Eastern Freeway and bus services close by, this is definitely one to inspect.
