Picture Perfect!

This recently painted 3 bedroom home in the quiet streets of Reservoir is just waiting for someone to call this their home. The 3 bedrooms all come with wall to wall carpets and mirrored built in robes for exceptional storage.

The separate kitchen (complete with gas cooking appliances and huge amounts of storage), separate dining and separate living areas make for a spacious home.

With ducted heating, reverse cycle air conditioner, low maintenance garden, security shutters throughout this house, and being close to Sydney Rd, western Ring Rd and all the parks that Reservoir has to offer it makes sense to call this YOUR home.
