Endless Scope For An Astute Buyer

Set back on a 680 m2 allotment (approx) and surrounded by a well established garden, this original home offers an astute buyer endless scope to rent out, renovate, extend, rebuild or take a page out of the neighbours book and explore the options of redevelopment (STCA).

Funky inside with its timber floors and unique paint finishes in the eat-in kitchen, it offers three bedrooms, formal living with gas heater and a bathroom with the convenience of a separate toilet.

Backing on to, and with rear gated access to Seabrook Reserve, the tranquil rear garden offers space for the kids and pets to run off steam. Close to schools, shops, transport and the Ring Road it's an outstanding opportunity to kick start your real estate future.

Due diligence checklist - for home and residential property buyers

Price: \$380,000
