

1/59 Grange Road Fairfield, VIC

Impressive Spaces. Impressive Style

Defined by its versatile floorplan, bold architectural cues that mix stone with engineered timber and complement them with neutral tones, streamlined windows and quality fixtures and fittings, this distinctive home provides a sought after urban oasis on the city fringe.

The impressive open plan living opens to a deep, private front yard on one side and an equally private sun-trapping courtyard on the other. With a stunning stone kitchen with Blanco appliances in between, a relaxed blend of indoor-outdoor living and entertaining is assured. Finished with stone, the laundry on this level cleverly integrates a guest powder room.

The upper level introduces two bedrooms plus a large study or parents retreat. The main includes a luxury stone finished ensuite while the second bedroom opens directly to the family bathroom, finished with the same eye for quality.

Price: \$781,000
