Love The Space. Enjoy The Location

This ultra-modern, beautifully presented home, only 9k's from the centre of the city, enjoys a perfect position thanks to a location that's an easy walk to the station, bus, tram, shops and the iconic Preston Market.

Thoughtfully laid out ensuring the ultimate in easy living and efficiency, the lower level introduces two spacious bedrooms sharing a full bathroom, generous open plan study and internal access to the garage with workshop/storage space.

Upstairs opens out to an expansive, light-filled, north facing open plan living room that stretches between a stone kitchen and a sunny balcony. The main bedroom on this level includes the comfort and convenience of an ensuite with oversized shower.

A paved and lawned area complements the balcony to deliver options for relaxed outdoor entertainment with friends.
