INSPECTION A MUST!!

Numbered as a unit but a feel of a home this two bedroom fully renovated property will be sure to please. Fully renovated, high ceilings are only a couple of features of this property. The brand new kitchen with stainless steel appliances and dining overlooking a lovely rear courtyard is a great size. Having a separate lounge all with polished floors is a great bonus as well. The two bedrooms are completed with ceiling fans, wall to wall carpets and built in robes. The fully tiled bathroom with the shower over bath is completed with laundry facilities. Let your mind be placed at ease to know that the courtyard on this property will require little maintenance. A lock up carport and a lock up shed will provide the storage space needed with out the headache of a large rear yard! Location is Central reservoir with a short walk to transport and Edwards street shopping center.

Inspection Strictly by appointment only.

Price:

\$280 per week
