Capturing Innovative Design And Lifestyle

553 Infinity, designed by the team at "Beyond design Group" will unite luxury with livability throughout a range of carefully considered floor plans. Perfectly appointed and pleasingly proportioned, each of the homes within 553 Infinity will include spacious open plan living featuring timber floors, anchored by a deluxe stone, glass and stainless steel kitchen and stepping out to a private balcony. Stone will also feature in the bathrooms that are finished with quality porcelain floors. Each residence will include multiple climate control units, LED lighting, garage with auto door and laundry, with many to offer a study area. Set in landscaped garden surrounds, they are moments from the bus, tram's and cafe's and shopping options of Coburg Hill. Available to purchase off the plan with generous stamp duty savings, the choice to live in or let out will be yours!
