

209 Wood Street Preston, VIC

4 2 1

Enticing, Relaxing City Fringe Living

Sold By Ken Gu, another wanted!

This terrace-inspired home, around the corner from Plenty Roads cafes and trams, a few doors from Davis Reserve and central to Northland and the Preston Market, presents a compelling city-edge lifestyle/investment opportunity.

Beyond its easy care front garden glossy polished timber floors are a highlight on a lower floor introducing a fourth bedroom, full laundry, powder room and generously proportioned open plan living. Wrapping a round a stone kitchen with stainless steel cooking appliances, this spacious living zone steps directly to a covered alfresco and plenty of lush lawn that links the house to a single car garage to the rear.
