Beautifully presented and comprehensively renovated with an eye for stylish, sophisticated spaces, without any shortcuts on craftsmanship, this character home offers quality living in the heart of Preston.

A stunning contemporary bathroom finished with designer tiles, dual vanity and freestanding bath serves the remaining bedrooms.

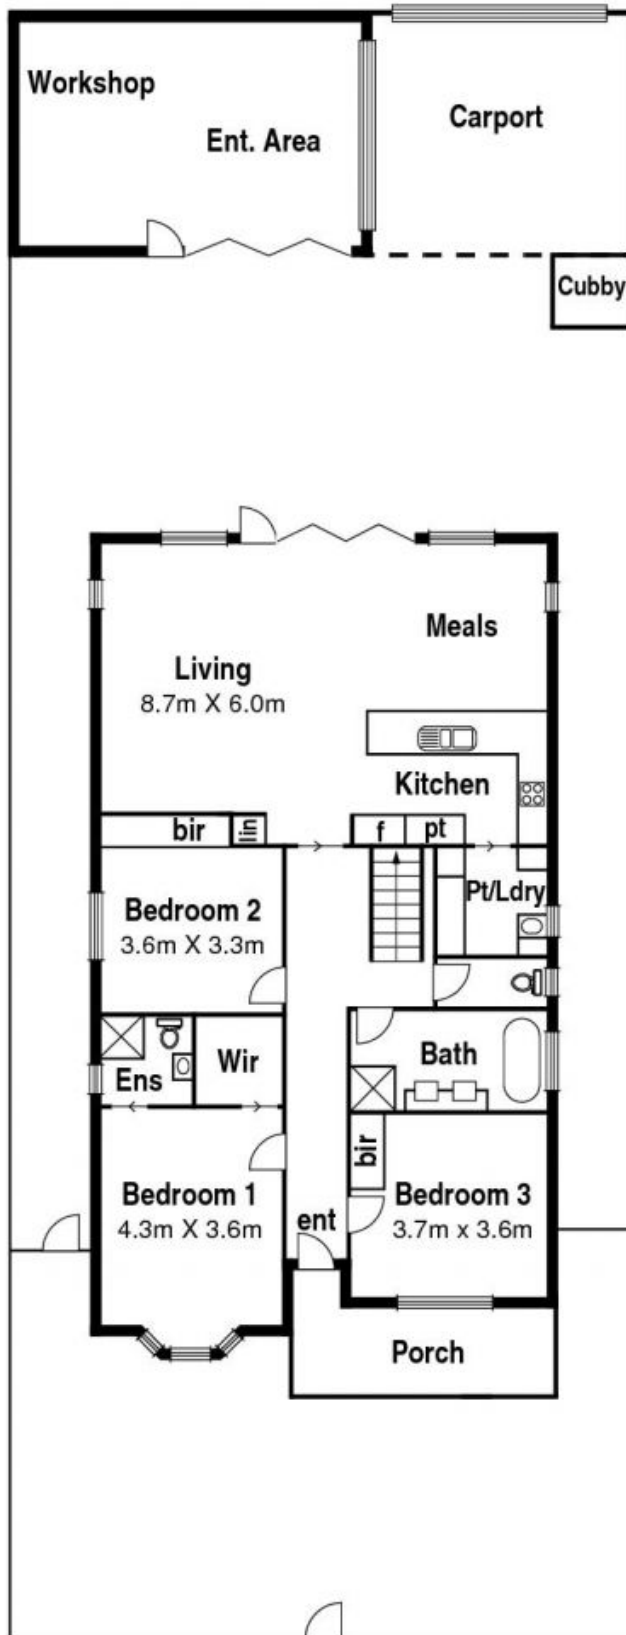

A gleaming kitchen finished with a 900 mm Baumatic range, soft close drawers and a superior Hi-Macs acrylic top is as good to look at, as it will be to work in, and anchors an expansive casual living meals that stretches the width of the house. Upstairs opens to a retreat/fourth bedroom. Complete with a built in desk, it opens to a very handy full height in-roof store room.
