## GREAT LOCATION

What a location? Do you have kids? With a high fence at the front, so the kids can not run outside on the road, and plus a good size backyard. This three bedroom home, with one built in room, and main with walk in robe, two way bathroom, with a good size lounge and adjoining dining area, with kitchen adjoining meals area. What more can you ask for? Well it also has gas ducted heating, double lock up garage, brand new stove to be installed.
