With sought after features offering as much appeal today as when our vendors first moved in, this one owner AV Jennings home will excite and entice astute home buyers at every stage of the real estate process. Freshly painted throughout, the traditional floorplan offers a large living room complemented by the family meals overlooked by a practically laid out, functional kitchen and opening to the rear yard. The large entry steps around to a hallway leading to four generous bedrooms and the family bathroom with the convenience of a separate toilet. Close to shops, St Catherines primary and the station, it is a timely reminder of good old-fashioned quality built homes and the perfect place to enjoy now before adding value with a contemporary update!

To be sold in conjunction with Ian Reid Vendor Advocacy Australia.
