I'VE FOUND IT!!!!

How good is your imagination??? Well it doesn't even need to be very good to picture yourself inside this stunner!!!

The property is only about 4 years old and in almost all aspects appears new. Featuring three spacious bedrooms, and built in robes in each it makes it quite easy to go come home and relax in your room. If that isn't your cup of tea than the large living areas can become your virtue. Ducted heating throughout and a modern kitchen that will bring a smile to any chef's face, and a double garage to accomodate anyone's car or storage needs.
