When Only The Best Will DO!!!

Sit back, relax, and let me take you away to a better place~This four bedroom home has it all, from the ensuite in the master bedroom to the ducted heating/cooling throughout it will capture your heart. Obviously it has the standard features such as built in robes, but its the attention to detail that puts it truly above and beyond anything I've seen. Polished boards in huge living areas, downlight throughout, the highest quality drapes, alarm system, double garage, alarm system, well maintained front and rear yards. heard enough? Just want to relax? Well switch the dishwasher on and sit back in the huge rumpus room. Definitely the one to see!!!

Price: \$270 per week
